To our valued myEdOnline clients,

Education Horizons Group (EHG) is pleased to announce our new partnership with Consent2Go, a best of breed specialised platform that equips schools to confidently plan excursions, manage compliance and maintain medical records.

EHG appreciates the enormity of work surrounding risk management in schools to ensure the safety of students and staff. Following rigorous evaluation, we have strong confidence that Consent2Go is the best compliance management tool available to schools today. It is easy-to-use with a user-friendly workflow that saves time and effort for staff and for parents.

Understanding the importance of workflows, we are pleased to confirm that the design phase of the integration with the SEQTA Suite is progressing well and development work should commence shortly.

Should you have any queries relating to this, I encourage you to contact your product Support team who will be able to access more information for you.

In the meantime, take some time to visit [consent2go.com.au](http://consent2go.com.au) to discover more about how this product can support your school community.

If you would like to know more about Consent2Go and myEdOnline, I invite you to contact me directly.

Yours sincerely
